

How to Access E-STAR

Computer: Select E-STAR from JOE.

Mobile Device: Access E-STAR from your Android, Blackberry or iPhone device (both company-owned and personal devices).

- o **iPhone / iPad:** Download the mobile app from the App Store on your iPhone/iPad. In the App Store, search for "**Globoforce Mobile**". Click on the "Globoforce Mobile" app on your mobile device to login.

First time users: The first time the user will be prompted to provide an activation code. The activation code is **eaton**. Enter your program username (username = your E#) and default password.

Your default password is your E# and your day of birth. For example, an employee with employee ID **E0012345** and born **April 25** would have the following default password: **E00123450425**.

- o **Android / Blackberry:** Enter **www.ESTARmobile.com** on your mobile device to access the E-STAR mobile website.

First time users: Enter your program username (username = your E#) and default password.

Your default password is your E# and your day of birth. For example, an employee with employee ID **E0012345** and born **April 25** would have the following default password: **E00123450425**.

Employees without regular access to a computer or a smartphone can also access E-STAR in the following ways:

1. JOE kiosk located at your site
2. Manual process using E-STAR Recognition Forms
 - o Ask your local Human Resources representative where the E-STAR Recognition Forms are located.

You can send an E-STAR to an individual or an entire team as long as the contribution being recognized demonstrates at least one element of Eaton's Philosophy.
